Portfolio : eya-mahjoub.pages.dev

MBA graduate in Management Control and Audit with experience in IT project budget monitoring, financial analysis and reporting automation. A thorough approach to reliable financial data and practical support for operational teams.

Professional experience

Assistant IT Project Financial Controller

Dec 2024 - Jun 2026

Hachette Livre · Vanves, France · Apprenticeship

- Monitored monthly costs across **9 IT projects with a combined €8.1M budget**. Identified improvements with management, achieving **30% less forecast-to-actual variance**.
- Automated reports and dashboards using **Excel and Power BI**, delivering **50% time savings**. Tracked milestones and reported progress to management.
- Managed quotations, purchase orders, invoices and disputes. Coordinated suppliers, accounting and financial controlling teams.
- Centralised workflows in **Microsoft Loop**: **70% higher operational efficiency** and **90% less case-processing time**.

Financial Analyst

Jan - Jun 2024

Diagoris · Paris, France · Final-year internship

- Analysed **over 30 companies**: revenue, cash flow, debt and financial health. Ensured 100% reliability of monitored indicators.
- Produced group-level financial summaries, providing **40% greater clarity** for management.

Financial Controller

Jun - Aug 2023

Carrefour · Tunis, Tunisia · Internship

- Analysed costs and budget deviations, achieving **20% less variance**.
- Monitored cash flow, working capital and DSO/DPO. Analysed cost and selling prices, contributing to a **10% improvement in site gross margin**.
